# MAGNIFICENT CENTURY

The magnificent century of the Ottomans... At the age of twenty-six, when he began his reign, Sultan Suleiman aimed to make the Ottoman Empire invincible, building a realm more powerful and extensive than that of Alexander the Great. Yet as Sultan Suleiman became the greatest ruler of the East and West and conquered the world, he found himself torn between his most trusted friend Ibrahim and his eternal love, Hurrem. As Ibrahim rose to be the Grand Vizier that would lead to his tragic demise, Hurrem, as wife of the emperor and mother of princes, would be the one ruling the empire alongside Suleiman through bloodshed and intrigue.
